

**MOBILE INTERNET RATECARD – NEW OCTOBER 1, 2008**

**BONUS OFFER:** Receive unlimited e-mail and browsing for the first 3 months when activating a BlackBerry®, Data Service or iPhone plan with a minimum \$25 monthly service fee. The promotion is available on monthly, 1-year, 2-year and 3-year data terms. Existing Rogers customers that have received this promotion within the last 12 months are not eligible for the promotion. For eligible plans, look for a “★” icon in the charts below.

**MOBILE INTERNET COST PROTECTION**

Effective October 1, 2008, all new data pricing will be subject to maximum data charge of \$100. This provides the ultimate cost certainty for customers. Regardless of the device used, the maximum charge for domestic mobile Internet usage on the Rogers Wireless network is \$100, including the data monthly service fee and any additional data overage charges. For more information on this topic, please see bulletin titled “Mobile Internet Cost Protection FAQs that was issued on September 29, 2008.

DATA POOLING will not be available on new plans launching October 1<sup>st</sup> but will be available shortly.
